## Grooming Schedule:

- Hi Nordic Skiers,

The Fernie Nordic Society had it's big Grand Opening day on Saturday, December 16th. We managed to get approximately 10 kilometers of trails at the Fernie Golf and Country Club groomed for both classic and skating including a nice oval for beginners and lessons. The day was absolutely perfect—lots of new snow and not a cloud in the sky. Big Blue, our fancy, brand new snowmobile was sitting in the parking lot for the whole world to admire—that is when he wasn't out running around sprucing up the trails. We had lots of different levels of skiers—skaters and classic skiers, novices and experts. We had a few snowshoers who ran around the skating lane as well. We still have a long way to go in getting our trails and programs into full swing, but we have come a long way this year and everyone in the Elk Valley is pretty excited about our progress. We even got a congratulatory note from Beckie Scott who is on our advisory committee. (She wanted to know who "Big Blue" was.)

**If you haven't picked up your Season Pass Button, call Dave Misura at 423-7241. We also need everyone who hasn't filled out their CCBC Insurance waiver to do so asap. You can fill out the waiver when you pick up your button. When you go to ski, please sign in at the sign in box. THANKS.** A HUGE THANKS to everyone for making this possible and a special thanks to Ray Bryant from The Fernie Golf and Country Club for all of the time spent grooming our nice trails.
